#### SHIRE'S VISION

The Shire of Esperance exists to meet the needs of current and future generations through an integration of environmental protection, social advancement and economic prosperity.

"Esperance, together we make it happen."

The Community helped shape the Council Plan, our Plan for the Future.

This budget reflects the first year of the Shire's recently adopted Long Term Financial Plan. This plan incorporates priority projects described in our Council Plan to meet our local needs and objectives, taking into consideration a range of comprehensive supporting strategies and community suggestions.

## Shire of Esperance Statutory Budget

For the year ending 30th June 2023

#### Notes to and forming part of the budget

#### 1 (a) BASIS OF PREPARATION

The annual budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Financial reporting disclosures in relation to assets and liabilities required by the Australian Accounting Standards have not been made unless considered important for the understanding of the budget or required by legislation.

#### The local government reporting entity

All funds through which the Shire of Esperance controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to the annual budget.

#### 2021/22 actual balances

Balances shown in this budget as 2021/22 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

#### **Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

#### **Comparative figures**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

#### Initial application of accounting standards

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments

- AASB 2020-6 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current - Deferral of Effective Date

It is not expected these standards will have an impact on the annual budget.

New accounting standards for application in future years. The following new accounting standards will have application to local government in future years:

- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates

- AASB 2021-6 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies: Tier 2 and Other Australian Accounting Standards

It is not expected these standards will have an impact on the annual budget.

#### Judgements, estimates and assumptions

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- estimation of fair values of land and buildings and investment property
- impairment of financial assets
- estimation uncertainties and judgements made in relation to lease accounting
  estimated useful life of assets

#### Rounding off figures

All figures shown in this statement are rounded to the nearest dollar.

All land (other than exempt land) in the Shire of Esperance is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Esperance.

The general rates detailed for the 2022/23 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

#### 3 (e) NET CURRENT ASSETS (CONTINUED)

#### SIGNIFICANT ACCOUNTING POLICIES

#### CURRENT AND NON-CURRENT CLASSIFICATION

An asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

#### TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Esperance becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

#### PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

#### INVENTORIES

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Superannuation

The Shire of Esperance contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Esperance contributes are defined contribution plans.

#### LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

#### GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

#### PROVISIONS

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### EMPLOYEE BENEFITS

#### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

#### **CONTRACT LIABILITIES**

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

#### CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time. **Statutory Budget** For the year ending 30th June 2023

#### 4. RECONCILIATION OF CASH

#### SIGNIFICANT ACCOUNTING POLICES

#### CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

FINANCIAL ASSETS AT AMORTISED COST

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose

objective is to collect the contractual cashflows, and

- the contractual terms give rise to cash flows that

are solely payments of principal and interest.

#### SIGNIFICANT ACCOUNTING POLICIES

#### RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation* 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

#### SIGNIFICANT ACCOUNTING POLICIES

#### DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Buildings	30 to 75 years
Furniture and equipment	5 to 20 years
Plant and equipment	3 to 15 years
Motor vehicles - non specialised	5 to 8 years
Road Making Plant - major	5 to 10 years
Infrastructure - roads	15 to 60 years
Infrastructure - Other infrastructure	10 to 50 years

#### AMORTISATION

----

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

#### SIGNIFICANT ACCOUNTING POLICIES

#### LEASES

At the inception of a contract, the Shire assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and a lease liability. at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

#### LEASE LIABILITIES

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

#### (b) Financially Backed Reserves - Purposes

In accordance with Council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

	Anticipated	
Reserve name	date of use	Purpose of the reserve
(a) Employee Entitlements LSL	Ongoing	Established to fund a portion of future commitments for employee entitlements incurred as a result of employing staff and workers.
(b) Land Purchase and Development	Ongoing	Established to fund land improvements and sub-division development.
(c) Eastern Suburbs Water Pipeline	Ongoing	Established to provide funds to recycle waste water to recreation grounds. Funded by the proceeds from the sale of water to users.
(d) Jetty	Ongoing	Established to provide funds for maintenance and capital works of the main jetty at the foreshore headland. Funded from general purpose income and donations.
(e) Aerodrome	Ongoing	Established to fund future development and upgrades of the airport facility. Funded by the annual surplus derived from operation of the airport.
(f) Off Street Parking	Ongoing	Established to provide funds for the future development of central business car parking in order to make provisions for future business expansion of the CBD. Funded by general purpose income and contributions.
(g) Sanitation (Rubbish Removal)	Ongoing	Established to fund the purpose of major sanitation equipment and for the future development of waste disposal facilities. Funded from the annual surplus derived from property rubbish disposal collection fees after expenses.
(h) EHC Asset Replacement	Ongoing	Established for the purpose of Esperance Home Care to hold annual depreciation reserved and surplus cash for the replacement of HACC and other externally funded assets in accordance with HACC guidelines.
(i) EHC Fundraising	Ongoing	Established for the purpose of holding the net proceeds of volunteer fundraising activities relating to the operation of Esperance Home Care.
(j) Unspent Grants and Contributions	Ongoing	Established for the purpose of containing funds that are derived from unspent or prepaid grants and contributions from external parties.
(k) Plant Replacement	Ongoing	Established to minimise and if possible eliminate any need to rely upon loan finance or unreasonable rate increases to finance the acquisition of major plant items as per Council Policy. Funding is from general purpose income. Amounts allocated will be re-assessed annually in response to revisions of the five year plant replacement program and the associated forward cost estimates.
(I) Building Maintenance	Ongoing	Established to hold unexpended funds from the building maintenance program for the use of building maintenance and refurbishment of Council buildings.
(m) Governance & Workers Compensation	Ongoing	Established for the purpose of future workers compensation insurance costs under the performance based contribution scheme; or cyclical gross rental valuation cost for rating purposes; or unforeseen legal costs.
(n) IT System & Process Development	Ongoing	Established to finance the acquisition and enhancement of information technology across the Shire. Ongoing appropriations from the Municipal fund are provided as and when needed.
(o) EHC Annual Leave	Ongoing	Established to fund future commitments for annual leave entitlements as a result of employing staff. Funded from external grant funding.
(p) EHC Long Service Leave	Ongoing	Established to fund future commitments for long service leave entitlements as a result of employing staff. Funded from external grant funding.
(q) Priority Projects	Ongoing	Established to fund sufficient capacity to assist with the design, construction and operation of priority projects as determined by Council.

## Notes to and forming part of the budget

## **Statutory Budget**

For the year ending 30th June 2023

#### **14. MAJOR LAND TRANSACTIONS**

#### Flinders Residential Subdivision

#### (a) Details

The Council owns, freehold, East Location 18, Lot 3 which is bounded by Ormonde Street and Goldfields Road Esperance. During the 2022/23 financial year the Council intends to continue a major land transaction as defined under the Local Government Act, 1995.

90 blocks have been developed with the first sales occurring in May 2010. As at 30 June 2022, 85 lots had sold. Additional auctions or tenders will be considered for 2022/23 with blocks released subject to market demand.

All future sales proceeds will be applied to debt reduction.

Development is completely funded by short term borrowings and cash reserves.

#### Shark Lake Industrial Park (SLIP) - Shire Subdivision

#### (a) Details

During the 2022/23 financial year the Council intends to continue to undertake a major land transaction as defined under the Local Government Act, 1995.

28 lots out of a possible 90 general industry lots of varying sizes have been fully developed and are now available for sale. One property sold during 2015/16 and another one sold in 2021/22. The remaining 26 lots are currently for sale.

This development is funded by municipal and reserve funds together with borrowings. During 2012/13 the portion of debt that was contained within the short term borrowings was converted to a principal and interest loan to be repaid over 20 years.

#### **15. TRADING UNDERTAKINGS AND MAJOR TRADING UNDERTAKINGS**

#### Esperance Aerodrome

Council's objective is to maintain a safe landing airstrip and functional airport amenities conducive to the promotion of the district as a tourist and business destination.

Operating costs are met by landing fees charged. Annual surpluses are transferred to a cash reserve to finance future improvements to the facility.

# **Pricing Principles**

The following pricing principles have been used by Council as a guide in setting charges.

# Pricing Principles and Bases Used by Council

	Pricing Principles	Pricing Basis
1.	Public Benefit – service provides a broad community benefit and therefore full cost recovery should not apply. Partial cost recovery could apply in some circumstances.	Zero to partial cost recovery
2.	Private Benefit – service benefits particular users making a contribution to their individual income, welfare or profits generally without any broader benefits to the community.	Full Cost Recovery
3.	Shared Benefit – service provides both community benefits and a private benefit.	Partial cost recovery
4.	Regulatory – fee or charge fixed by legislation	Regulatory

# GST Disclaimer

A goods and services tax (GST) applies to a number of goods and/or services supplied by the Shire. Those goods and/or services that are subject to GST have been identified in the attached Schedule of Fees and Charges as GST applying. In accordance with the new tax legislation the prices shown for those goods and/or services are the GST inclusive price.

Some goods and/or services supplied by the Shire have been declared "GST free" or excluded under Division 81 of the legislation. Those goods and /or services which are "GST free" or excluded from GST are indicated in the Schedule of Fees and Charges as GST not applying.

The attached Schedule of Fees and Charges has been prepared using the best available information in relation to the GST impact on the fees and charges at the time of publication.

Accordingly if a fee that is shown as being subject to GST is subsequently proven not to be subject to GST, then that fee will be amended by reducing the GST to nil. Conversely if the Shire is advised that a fee which is shown as being not subjected to GST becomes subject to GST then the fee will be increased but only to the extent of the GST.
